

The Shooting Stars organization began 14 years ago and started out with a small group of individuals with an idea that grew into a successful non-profit organization consisting of ten individuals and many volunteers. The organization has been featured by Minneapolis/St. Paul media (KARE 11 TV), numerous newspapers and radio interviews, recognizing their commitment to pediatric health care.

Over the past 14 years, Shooting Stars has strived to carry their mission forward, distributing over 4000 Emergency Care Bags to over 80 hospitals throughout Wisconsin, Minnesota and Iowa.

Shooting Stars would not be what it is today without your support and would like to thank all those who have supported the organization, participated in the annual Walk/Run, or donated time and/or monetary/raffle items.

## What is Shooting Stars?

The mission and vision of Shooting Stars is to enhance the awareness of the community to emergency pediatric health care and to provide emergency care bags to families of children who are in an emergency situation. These bags include items such as bottled water, facial tissue, journals, pens, t-shirts, toothbrushes and other often-forgotten items needed in an emergency. More information can be found at

[www.cumberlandshootingstars.com](http://www.cumberlandshootingstars.com)

**Shooting Stars** was formed by caring adults who have experienced, or in some way been affected by, pediatric emergencies. Many of us have heard the medical helicopter fly over or the sound of an ambulance rushing by. We know firsthand what that family will face when they get to the hospital. But, until one has personally experienced the stress and shock of such a life-altering event, we continue on unaffected in our daily lives. The outcome is different for everyone. However, we all share the stress, the tears, and the "I can't believe it" feelings.
